

We're PUUF the Unitarians
by Arline LaMear

We're PUUF the Unitarians
We live by the sea
We love the freedom of our faith
And our community
We fight for social justice,
Espouse equality.
And work to honor everyone's
Inherent dignity.

Some of us were Baptists, Methodists or Jews.
We meditate and cogitate
Discussing bigger truths.
Some of us are atheists, some are Buddhists, too.
We like to study different faiths
But...we're happy as UU's.

We fight for the environment,
Recycling fervently.
We fight pollution of our streams
And hug a lot of trees.
We strive to be good citizens and build community
We often march to put an end to inequality.

We're PUUF the Unitarians
We live by the sea.
We love potlucks and fellowship
And singing hymns off-key.
So won't you come and join us
In faith community
We'd love to add you to the fold
At PUUF beside the sea.
